來自大自然的力量

校長強烈推薦以下幾套與大自然有關的紀錄片和電影！

《全球國家公園大賞》

這系列的紀錄片中的美景令人驚嘆。

本年圖書館的閱讀主題是「閱讀自然·珍愛世界」Reading and Nature - Connections to the World，我們邀請了既喜歡閱讀也愛郊遊的許校長作了一次專訪。

訪問當天，她手持兩大袋「寶物」，共二十多本書，為的是向真光同學分享她的閱讀心得。許校長深信，閱讀是學養的基礎，亦是滋養心靈的良藥。是次訪問，校長分享了不同範疇的好書及視訊，以及一些閱讀心得，非常豐富。她呼籲真光同學，從閱讀走進自然、連結世界，從而成就精彩人生。

親親大自然—南丫島、獅子山

南丫島的洪聖爺及蘆鬚城灘水清沙幼，島上有令人流連忘返的家樂徑。

《四分之三的香港》一書的作者這樣描述：「沿途風光明媚、磅礴的山景和蔚藍的大海在眼前纏綿，更在遠方交織。清晨黃昏時散步，鄉村小徑鋪陳出香港街景無法展現的舒適。」同學可以飽覽山水風光，舒緩一下緊繃的神經呢！

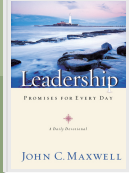

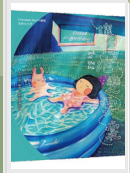

校長也分享了由慈沙古道登上獅子山的經歷，令她印象最深刻的是接近獅頭時能飽覽九龍半島全景的震撼，彷彿什麼煩惱都拋諸腦後。

閱讀小錦囊

涉獵不同種類書籍，擴闊眼界。
訂下目標，持續閱讀。
多逛書店、圖書館、書展。
抓緊零碎時間閱讀。

《金子旅港行記》的作者是日航前副總裁金子晴彥，居港八年，走遍香港行山徑，印象最深刻是香港的山景，書中細說他漫步麥理浩徑、鳳凰徑、蒲台島等地的點滴。劉克襄的《四分之三的香港：行山、穿村、遇見風水林》，作者手繪的地圖、香港動植物圖象和手寫文字描述，充滿親切感。

校長推介的書籍，介紹了很多香港精彩的郊遊路線，涵蓋港九新界和離島。每條路線除了介紹沿途風光、動植物生趣、人文歷史外，還包括交通資料、行程距離和時間，是非常實用的工具書。但校長認為，這幾本書最吸引之處，是它們不單止是實用的工具書，更是心靈的補充劑，書中滲透了作者的情感，讓讀者閱讀文字時，也會感受到與大自然融合為一體的愉悅和滿足。

Our school has started using the mobile application LibraryCEO App to facilitate our access to our library services.

Library CEO App

Students can review their loans, such as "CURRENT LOAN" and "CURRENT RESERVE" by visiting the Profile page.

On the day before the due date, students will receive a message from the App which reminds them to return the book. This notification function greatly helps students to avoid fines.

The book search is the most helpful function for checking the status of books.

Book Shopping

Our Picks!

The Library Society's book shopping was a fascinating and fun experience for me! I was able to choose the books I was eager to read and find books related to nature, as the theme of the Library this year is 'Reading and Nature, Connections to the World'. I also found some new books about psychology (How to introduce yourself better in 18 ways), magic novels (The Secrets of Dumbledore), and books about Chinese History (The Forbidden City). This experience broadened my horizons, and I hope to join more reading activities in the future!

I often visit bookstores, but my recent visit to the Joint Publishing Bookstore on 2 September with the Library Society members gave me a different experience. As "Reading and Nature" is this year's theme, we focused on nature-related books in the bookstore. I don't read books about nature very often, so when I flipped through the books about nature, I began to understand it more.

This book-shopping experience is full of novelty as I have never tried book shopping in an actual bookstore with the Library Society. I reckon that face-to-face book shopping differs from online shopping as I can share my thoughts and feelings about book choices directly with my friends and other members. This activity has enhanced my understanding and connections with other members through their book choices and allowed me to unwind amid the calming atmosphere in the bookstore. Also, seeing the books I have chosen placed in the library for all students to borrow is very satisfying as I can feel the connection between me and the students who borrow the books I chose. All in all, this is a very enjoyable and rewarding experience.

On 2 September, the Library Society held a book-shopping activity. Our committee members were able to select books related to nature and their favourite books would be displayed in the school library. Through this activity, our committee members had a better understanding of each others' preferred book genres and our bond had been strengthened.
